

### **2.2.1 The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners**

All the students have to attend a compulsory counselling session on admission before filling the combination form. The institution assesses the learning levels of the students in two ways at the time of the commencement of the classes. Students enrolled in various disciplines are identified as slow and advanced learners based on their +2 marks and the entry level test conducted by each department. This helps to identify the slow learners and to design special coaching sessions or tutorial sessions to bridge the gap between the slow learners and the advanced learners. The mentors of the respective classes extend valid support in classifying the students with reports based on observation and class tests.

Moreover, the wide range of continuous assessment components that include, Daily Home Assignments, Class Assignments, Seminars and Group Discussions, Additional Assignments, Quizzes, Class Tests, Projects, Internships, Viva-voce examinations and attendance, enable effective assessment of learning levels of students.

In addition, teacher-student interactions, reports of Class Committees and Proctorial meetings also help in identification of different levels of learners. Faculty members and various Committees regularly review the academic progress and counsel students to improve their performance to ensure their academic growth. Apart from this, sessions are also included to inculcate positive attitude and competitive spirit. This process helps as a base for monitoring the future progress of the students.

#### **Strategies adopted for slow learners**

1. Remedial Classes are conducted with an aim to improve the academic performance of the slow learners, absentees and students who participate in sports and other activities. This practice helps the struggling learners to improve subject knowledge and helps them catch up into their peers.

3. Academic and personal counselling is given to the slow learners by the tutor, mentor and the counselling cell.
4. Bilingual explanation and discussions are imparted to the slow learners after the class hours for better understanding.
